News Notes of Street and Town Too Brief for Headings

The Republicans held a pow-wow at Verdi yesterday.

Matt Calahan is seriously ill at his home at Galena creek.

A freight wreck at Vista last night delayed traffic for several hours.

Plumbing, tinning and electric wiring a specialty at Ed Schmidt's.

Skates, sleds, guns and ammunition at lowest prices at Ed Schmidt's.

Bradshaw, the real estate agent, has removed to No. 16 Eureka block.

Dr. Kerfat will serve hasen pfeffer at the Brewery saloon today at noon.

Dr. W. A. Phillips is in San Francisco studying diseases of the stomach.

"Belshazzar," by Wm. Stearns Davis, \$1.40 at the Reno Department store.

A dance was given at Fallon night before last night. Schwert's orchestra furnished the music.

Milton C. Ish, a well-known musician of San Jose, is in town and will probably locate here.

San Francisco parties are purchasing lots near the Lake mansion and will erect several houses thereon.

Yesterday afternoon a concert was given in front of the Bank of Nevada by the Reno Wheelmen's Club Band.

Peter Christenson has resigned the management of the Co.-Op. store and has been succeeded by W. E. Copper-smith.

Air tight and hot blast coal and wood heaters, and steel ranges and cook stoves at San Francisco prices at Ed Schmidt's.

Holdups Are Still Quite Numerous

A hold-up is said to have taken place about 10 o'clock last night on North Virginia street not far from the Congregational church. The victim claims to have been relieved of \$150. Of course there is room to doubt the authenticity of some of these reports, but the fact remains that highwaymen are certainly plying their trade in Reno to an extent that should and does create considerable uneasiness. If there is no other way of preventing the commission of these crimes people who have sums of money on their person should either remain home on nights or carry with them means for protecting their property.

One of This City's Big Institutions

The Reno Mill and Lumber Company is now comfortably installed in its new building, or rather the building has been comfortably installed over the mill, for the latter was there first, and the machinery was worked full blast for a number of weeks before the building was completed.

The mill building is 50x200 feet, is built of brick and is perfectly fire-proof.

The Reno Mill and Lumber Company is one of the largest employers of labor in this city. It has from 90 to 100 men constantly on its payroll. Of this number about 50 are employed in the mill and yard here while the balance are at the band mill on the Sierra Valley railroad. The men in the planing mill are now working ten hours a day and three delivery wagons are kept going constantly but the company is yet unable to get ahead of its orders.

A Popular Candidate

The card of R. H. Kinney, Silver-Democratic nominee, for short-term commissioner, appears in this issue of The Journal. Everybody knows Rufe Kinney and his reputation for honesty, industry and general worth is not limited to the circle of his acquaintances, but extends to all who have ever heard of him. He has lived in Washoe county and on "the meadows" for thirty-two years. His first employment there was as a farm laborer at monthly wages, from which he has arisen to the position of one of the most thrifty and successful agriculturists in the county. He has served in the legislature, where he made a most excellent record, which will be equalled, if not excelled, by that of a county daddy, which responsible position he will occupy as sure as fate, on the rising of the sun on the first Monday of January next.

Irrigation Meeting

A meeting of Truckee Valley Irrigators was held last evening in Room 20, Riverside Hotel, for the purpose of taking definite action in matters relating to the purchase of the Von Schmidt water right at Lake Tahoe.

The Shaft Unwatered

The pumps in the Great Western mine have been running steadily and the mine is now unwatered. Miners will be put in the shaft today and three shifts will be employed steadily.

Bullion Shipments Will Now Begin

Harry H. Clark, superintendent of the Sparks mill, was in from Wedekind City yesterday. He has about twenty men at work and the mill is being run steadily at the rate of twenty tons a day.

The capacity of this mill will be 75 tons when the full equipment is received. The melting plant has been received and the sulphides are being reduced. Shipments of four or five bars of bullion, worth \$200 a bar, will be made daily from now on.

Cold lunches at the J. J. Becker Saloon, Commercial Row.

Florence Hastings' dancing class for pupils, 13 years old and over, meets Friday at 8:30. Children's class Saturdays at 2:30 p. m., in Kindergarten hall.

A DUTY MANIFEST

Something for the New Chamber of Commerce to Be Interested In

There is one very important matter that is called to the attention of the Chamber of Commerce, and that is furnishing the S. P. Co. with home products so far as possible to be used in the construction of its round house and machine shops.

If the railway company decides to erect these structures of brick there is certainly material enough at hand, with six brick yards in constant operation here. If stone is the material desired there is a quarry of pink granite seven miles from Reno and untold millions of cubic yards of gray structural granite in the hills near town.

Lime is another product of Reno and the quality is equal to that produced anywhere, while the quantity will be amply sufficient for the company's need. The gypsum plant at Empire could also supply all the plaster necessary.

So far as lumber is concerned, there will certainly be no need to send out of town. Within a radius of very few miles from Reno a number of sawmills are in operation and in this city there are two planing mills capable of producing anything in that line.

The visit of Chief Engineer Hood yesterday was to ascertain what material could be obtained here and what would need to be imported. Division Agent Prentice secured for him a number of samples of building material.

The Journal is reliably informed that a railroad from this city to Oroville is again in contemplation. It will be a broad gauge line and already over \$10,000 has been spent in surveys.

For Waste Dumps and Low-Grade Ores

Constable Golding of Wadsworth has leased the mill of the Wadsworth Mining and Milling Company in Olinghouse gulch for a term of years. Mr. Golding and his associates are owners of valuable properties in that district and have secured control of a number of dumps of what was believed to have been but has been proven to carry sufficient values to pay for crushing.

The quantity of material on hand is amply sufficient to keep the mill running steadily for several years. This mill was constructed to work the ore of the Cabin No. 2 mine, and the owners of that property have arranged with Mr. Golding to crush their ore as rapidly as it is extracted. This deal adds to the prospective prosperity of Olinghouse Gulch. A cyanide plant will probably be built as an adjunct to the mill.

Making a Survey

A party of surveyors have been working for the past couple of weeks at the south side of town, surveying a line for the Southern Pacific Co. from near the asylum to a point on the main line not far from the Mayberry ranch. It is believed by certain well posted people that this will be the ultimate course of the main line.

Thanks Returned

At the last meeting of the Reno Building and Trades Council a vote was unanimously passed thanking The Nevada State Journal for the many courtesies extended to that order and for the stand this paper has taken in union matters.

Upraising in Ore

The Colorado-Nevada Mining Company has started an upraise on a fine looking seam of ore on the 200-foot level. The management of this company feels greatly encouraged over the outlook.

It Looks Better

A mining man from Tonopah yesterday brought the news of an improvement in the face of the workings in the North Star Tunnel Company. This will be good news for the Reno holders of stock in this company.

Hot noon lunches at the J. J. Becker Saloon.

The Invitation Was Accepted

E. A. P. Johnson, who is here from Tuscarora, tells the following good one on H. R. Cooke, the candidate for the Legislature from this county.

"Cooksy" and Johnson were campaigning together out in the eastern part of the State several years ago and during one of Mr. Cooke's impassioned and logical appeals to the voters present, an inebriated individual in the rear of the house sung out, "Go to hell."

"Thank you," said the orator, "I have been campaigning for some weeks and this is the first time that I have been invited to Republican headquarters."

A Correspondent Gives Statistics

Editor Journal:

In view of the approaching tax-paying time it may be of considerable interest to the taxpayers of Washoe county to note our financial affairs as controlled and managed, or rather mismanaged during the last twenty-one months or since the first day of January, 1901.

By referring to the County Treasurer's books it will be found that on January, 1901, there was in the County Treasury \$63,999.75; that during 1901 the gross receipts were \$188,714.60; that during the first quarter of 1902 there was paid \$25,926.48; that during the second quarter of 1902 there was paid \$54,672.45; that during third quarter there was paid \$28,300.21. Total of \$261,613.49.

From the Auditor's books it is shown that the floating debt, scrip—now hawked about our streets on the first day of this month was to the amount of \$32,021.12; add to this amount allowed by Board October 6 and 7 which was \$6,849.76. Total indebtedness October 10 \$38,870.88.

Less several claims paid since October 1st.

By way of comment at present, I have to say—The figures speak for themselves.

Yours truly,
H. H. B.

The Greatest Wealth is Health

THE greatest wealth is not lands, houses, farms, stocks or bonds, but Health. Many a millionaire would give his million to eat with the appetite, and sleep with the peace enjoyed by the Indian. Yet it does not need millions to be the equal of the Indian in health. The secret of his strength is now at your command.

KICKAPOO SAGWA RESTORES LOST HEALTH

The Indian shut out from all outside help was obliged to wrest from Nature the secrets of her healing herbs. Slowly, he gleaned his knowledge and perfected it. Those centuries of slow results are represented today by the perfected compound Kickapoo Indian Sagwa. There is no other remedy that has so many and so wonderful cures to its credit. It is purely vegetable. It is Nature's own remedy, as used by Nature's own children. It purifies the blood, strengthens the stomach, assists the kidneys in their functions, regulates the liver, and makes the whole man sound and strong. No other remedy is sold under a guarantee that your money will be refunded if it does not fulfill every claim made for it. You can lose nothing by Sagwa while you can obtain the wealth of health by using it as directed. Sold by all druggists.

SITUATION SIZED UP

Varsity Athletics Now Attracting Considerable Interest

The practice this week was of the hardest kind. The two teams line up and go after each other for thirty minutes every evening.

Interference is the watch word. Every play by the Varsity nets a gain. A wall of men are always in front of the man with the ball. In some of the pile ups incidental to the bucking, you can hear the syph-like voice of "Scann's" Leadbetter shouting, "Get your foot out of my face, Cash—14, 17, 11—Come hard! bang!" and Wolf, Steckle, Fressell or Evans go crashing into the line.

When either team makes a good gain, Coach Steckle's voice rumbles over the field, "Fine parade, there, fine parade." The monotony is sometimes relieved when some man on the second, Menche, Freeman or Updike, go crashing into a play and scatter men in all directions. Then its "curtains" for that play.

King Ryan is coaching the Scrubs. He stands in back of the full shouting words of encouragement. "Big style, you man with the black eye. Get into those second raters. Rush them down the field."

Saturday when the Varsity meets Reliance, bright will be the sparks that fly and heavy the smell of brimstone.

From present indications the game won't be one-sided, either. McElroy and A. Steckle have made a wall out of the left side of the line.

Certain Riordan is there as strong as ever. Every time he hits a man a muffled groan ascends to the vaulted dome. Bill Kearney tackled a man last week so hard that there are two emphysemas on the campus. The man he tackled will probably recover, however.

Leavitt and Melin, the two centers, cause more sad than two bulls on a rampage.

Two men of equal weight and running at the same speed collided last night. The peculiar thing about the incident is, that instead of one moving down the other, as is generally the case, they both went "straight up." The one who returned says that if he is ever blessed with too many children he will force half of them to play football. There will be several "straight up" collisions next Saturday and all who love excitement should be there to see them. Coach Steckle will stand, hat in hand, howling and smiling to spectators as they lie down the slope of the hill, leading to the gridiron.

IT IS A LIE BY THE CLOCK

The Carson News guilty of a Deliberate Untruth

"The story goes that the 'gentleman with a National reputation,' forces each of his Assemblymen and State Senators to sign a contract to vote for him for United States Senator and to be governed in their legislative conduct, by the party leaders.

"This applies more particularly to those on the fusion Assembly ticket, who wish Mr. Newlands' assistance. The State Senators are required to sign all this and more, in addition agreeing to vote as directed by Mr. Newlands in 1905."

The above from the Carson News is not a perversion, mistake, nor an it even be probably designated even as a falsehood. It is nothing more nor less than an absolute, mendacious and clean, or rather dirty, cut. No fusion candidate for the Senate or Assembly has ever signed or been asked to sign, any "contract" of any character whatever, and none are under any pledge except the one implied when they submitted to the Fusion State platform and the several county platforms, which endorsed Mr. Newlands for United States Senator, when they accepted their nominations, and which as honorable men, they will unquestionably observe. None of the Fusion candidates for the State Senate, are restricted in their votes for United States Senator in 1904, further than is embodied in the platform which binds them to the support of the nominee of the anti-Republican legislative caucus, which practically means that they are not to vote for William M. Stewart. No fusion candidate is pledged to "be governed in his legislative conduct by the party leaders and there is not one of them who would not resent as an insult such a proposition from Mr. Newlands or any other man on the face of the earth. No such "story goes" as is related in the paragraphs above quoted, which originated wholly in the perverted mind of the author of them, who if not the son of, was evidently inspired by the Father of Lies.

UPSETS ALL PREDICTIONS

J. F. Hughes was a candidate for county treasurer at Du Pont, Ga., but it was predicted that he could not live six months. He was afflicted with a running abscess on his lung and suffered for three years; his life trembled in the balance when he heard of Dr. King's New Discovery for consumption. He tried it and was finally cured and thus upset the predictions of all who knew him. It's positively guaranteed for throat and lung trouble by S. J. Hodgkinson. Price 50c and \$1.00 Trial bottle, free.

RAN A TEN PENNY NAIL RIGHT THROUGH HIS HAND.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by S. J. Hodgkinson.

A TONOPAH PROPERTY

The S. L. and T. Company has Begun Producing Ore

The production of ore has begun at the properties of the Salt Lake and Tonopah Mining company at Tonopah Nev., and will have made its appearance in the local market as soon as it is possible to land it here. No less gratifying is the assurance with which W. H. Wilson, the well known mining man came in from the Nevada camp yesterday, that at a depth of 490 feet the company's Wandering Boy shaft has just dropped into another ledge which was passed through at 450 feet. The new ledge was entirely unexplored by Supt. Healy and demonstrated the presence of one more ore bearing channel within the zone whose surprises have been reported with such frequency. Of the proportion of the new ledge from which Mr. Wilson brought a sample of perfect quartz, nothing had been demonstrated when he boarded the stage coach for the railway. However, there are no apprehensions other than favorable ones in the meantime the raising of ores has begun from both the company's shafts, and the assays that were yesterday spread before the local management smack resonantly of bread-money at an early date says the Salt Lake Tribune.

Without repeating stories, and going over oft trodden ground, Mr. Wilson was quite profuse in his congratulation of the Salt Lake miners upon territory acquired by them, while all are certainly within the mineral bearing horizon and are prosecuting developments with characteristic zeal and intelligence. At the leading stations upon the railway he reports enormous tonnages of ore awaiting rolling stock, while ingoing freights are reared in large piles about the platforms. The camp is daily becoming more populous and all interests are apparently thriving, while the miners, of whom there are many of the best in the land, are drawing down about \$4 per day. Mr. Wilson's observations will be read with keen interest by mining men generally and none are more conversant with the attributes of a meritorious mining camp.

GAINED FORTY POUNDS IN THIRTY DAYS.

For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the tablets. — Hollex Bros., Merchants, Long Branch, Mo. For sale by S. J. Hodgkinson.

THE DELAMAR OUTRAGE

IT IS to be hoped that every Fusion paper will reproduce the report of the outrage perpetrated at Delamar published in yesterday's Journal. While we are confident that the dastardly act of putting out the lights at the meeting addressed by C. D. Van Duzer and Sam Davis was not countenanced by the respectable Republicans of Delamar or Lincoln county, it is a fair specimen of the methods adopted by the Stewart cohorts in conducting the campaign, and is upon a par with the utterances of some of the Republican papers in the State, which doubtless was an encouragement to the blackguards who perpetrated the despicable act. To the credit of Reno Republicans who read the report in The Journal, we will say that many of them denounced the outrage in unmeasured terms, while some of them declared that it would and ought to defeat the Republican ticket in Lincoln county. While the ruffianly scoundrels who were connected with the disgraceful affair richly deserved to have their lights and white livers put out by the shotgun process, the Fusionists and respectable Republicans of Lincoln county will manifest a proper spirit of resentment by the total extinguishment of the Republican lights on the day of election. Despite the darkness which surrounded him Controller Sam Davis succeeded in throwing sufficient light upon the financial acts of the Republican officials of Lincoln county and others connected with their transactions, to render distinctly visible to his audience the characters of the men whom they had chosen as their public servants and others who claim the leadership of the party in Lincoln county.

HON. H. F. BARTINE

THIS gentleman is doing yeoman's service for the Fusion cause in Nevada. He is unquestionably the most efficient public speaker in the State, as was so claimed by the Republicans when he trained with that party in the years gone by. He was a stalwart Republican until that party dissolved partnership with the people, when he severed his connection with the firm and allied himself with the friends of the masses, as did Senator Towne of Minnesota, who addressed the people of Reno two years ago. Mr. Bartine's political history and experience is similar to that of Senator Towne, both having left the Republican party when it betrayed the people upon the silver question and both supporting the candidacy of Mr. Bryan in 1896 and 1900. It is no disparagement to the Minnesota Senator to state that it is hard to draw a distinction, as public speakers, between him and Nevada's former Representative in Congress. Each has a perfect command of language, which is overflowing with sound reason and logic, and what is perhaps still more to the purpose, neither ever fails to impress his hearers with the conviction of his sincerity. We cannot imagine how any wavering Republican can listen to Mr. Bartine, while giving his reasons for leaving the party of which he had so long been a distinguished and honored member, and for the continuance of his absence from its ranks, without becoming thoroughly convinced that his path of duty lies in the direction which the speaker has taken and which he will follow so long as the issues between the two National parties remain as they are at the present time. If Mr. Bartine's voice could reach the ear of every wavering silver Republican in Nevada there would be no backsliding because of the goldbug assertion that "Silver is dead."

HARDLY FAIR

IT SEEMS that Judge Hawley, after having been Judge of the United States Circuit Court for a dozen years, and having drawn thousands of dollars in salary, is not a taxpayer in Nevada. The farmers and business men of this State who have borne the burdens of government and paid heavy taxes every year, will not favor the election of a tax-dodger to the United States Senate.—Gardnerville Courier.
It is hardly fair to charge Judge Hawley with tax-dodging. He has no property to tax in Nevada and consequently has nothing to dodge in this State. He probably pays his taxes promptly, wherever, elsewhere than Nevada, he has invested his savings from the many thousands of dollars salary which he has drawn from the State and Federal treasuries during his continuous office holding here for the last thirty years.

WON'T AND WILL
DO YOU want Wm. M. Stewart re-elected to the United States Senate two years from now? That is one of the questions of the hour. The fusion candidates for State Senators will never vote for Stewart.—Gardnerville Record.
And it is equally certain that every Republican hold-over will. If not why does every one of them refuse to subscribe to a pledge not to vote for a man whom they know is abhorrent to all of the people of the State, except a few office seekers, who hope through him to secure a trust donated sack for the campaign of 1904.
THE hand of Wm. M. Stewart handled the reins that guided Judge Hawley into the Senatorial race. He had a double purpose, to get Nevada again into the Republican column and to get a few hold-over Senators for himself two years hence. Therefore every vote for a Republican State Senator is a vote for Wm. M. Stewart.—Herald.

THEN AND NOW

THE Republicans of Nevada are gladly accepting the leadership of Wm. M. Stewart in the present campaign. A couple of years ago every Republican candidate in Elko county was petitioning the chairman of the Republican County Central Committee to prevent Wm. M. Stewart speaking in this county, or to even make his appearance in the county. Other Nevada counties lie the same. Now, they gladly ride in the boat that is being manned by that crafty politician.—Elko Independent.

THE Democratic-Silver legislative candidates in Washoe county have challenged their Republican opponents to a joint debate for the discussion of the issues of the campaign. It will not be accepted. Republicans are not discussing issues this year.—Silver State.

VOTERS should bear in mind that a Republican State Senator elected this fall will, in all probability, vote for Wm. M. Stewart for U. S. Senator two years from now.—Gardnerville Courier.

Criticism of Mr. Denis O'Sullivan

Mr. Denis O'Sullivan, who in conjunction with Miss Elisabeth Reynolds, gave a concert at the St. James' hall yesterday afternoon, is an artist of very rare attainments. He made his mark in London as Shamus O'Brien in Villiers Stanford's delightful opera of that name, and since then has matured his style by a further course of study in Paris, so that he now stands equipped in all the requisites of his art. His versatility is extraordinary. He is quite at home in half a dozen languages, while his command of the different varieties of expression is veritably unique, ranging as it does from the deepest pathos to the wildest mirth. Every song he sings becomes a miniature music drama or comedy, as the case may be. He is, in fact, an interpretative artist of the very highest rank. Dramatically pathetic in Chopin's "Polena Grabgesang" and in Schubert's "Wanders Nachtlied," he was quietly humorous in Lowe's "Des Glockenthurners Tochterlein," his pronunciation of German being excellent, and every word being distinctly articulated. Equally remarkable was his rendering of two curious songs of the Zuni Indians, arranged by Carlos Troyer, and two Spanish folk-songs. Sullivan's "The Vicar's song," from The Sorcerer, was almost admirably sung, and he wound up with a selection of Irish airs, including "The Croppy Boy's Lament," a quaint old tune arranged by Mary Carmichael. "Little Mary Cassidy," and "Widow Macbee." Mr. Denis O'Sullivan's success was as great as it was well deserved. The Morning Post, London, March 1, 1901

Where is Hawley's Heart?

The Carson News says "A man's heart is where his treasure is." Now if the News will please inform us where Judge Hawley's treasure is, we will be able to locate his heart and by that means determine what claim he has upon the people of the State of Nevada. If the Judge's treasure is in California and his heart is there also, what claim has he upon the people of Nevada for a seat in the United States Senate? Will the News please tell us?—Elko Independent.

A worthy Young Man

The Fusion party is the young man's party of Nevada. It recognizes the young men by different nominations on its State ticket, and none was a more worthy one than that of James G. Sweeney for Attorney General. Mr. Sweeney will poll a heavy vote in Storey county on November 1.—Virginia Chronicle.

Same in Washoe and in fact all over the State.

The Status of Real Estate

The demand for good paying investments is very good. Property with good value is looking up very well. Many buyers are in the field, as Reno is now considered a good place to invest capital.

The following sales were made by Davenport during the week ending October 11th:

Sold to Pearl and Lena Upson, Lots 15 and 16 in block 8, Morrill Addition. Consideration \$550.
Sold to Michael Kilgely, Lot 3, Block 6, Morrill Addition. Consideration \$250.
Sold to O. W. Ayer, Lot 14, Block 8, Morrill Addition. Consideration \$250.
Sold to Jerome Ayer, Lot 14, Block 8, Morrill Addition. Consideration \$250.
Sold to Sadie A. and E. C. Worrell, remainder of Lake Mansion property. Consideration \$5.

University Second Downs High School

The game yesterday afternoon between the High School and second eleven of the University was a good one from start to finish. The University eleven outweighed their opponents at least fifteen pounds to the man, but despite this fact, they made but one touchdown during the game, and failed to kick the goal.

Jap Hart and Brown of the University played a rattling good game. Bullet Folsom, the 105-pound tackle, Captain Mike Knox at half, Lou Kline at full, Smith at right guard, and the whole High School eleven put up a game that astonished the football cranks who came to see the fun. The interference of the H. S. boys was especially good but their tackling might be improved.

The High School eleven challenge any team not more than 10 lbs. over their weight. California teams not barred.
